In 2012 and 2013, Gordon Harrison and his partner Gallerist Phil Émond offered a unique experience to people in their community who had painted with Gordon Harrison: exhibits showcasing the talent of these apprentices, allowing them to experience life as an artist, to exhibit and sell their Canadian landscapes in a gallery. We are proud to repeat this wonderful experience in 2015.

// *Being one of Gordon's apprentices has been an amazing and uplifting experience. I would have never imagined that two of my paintings would be hung in a prestigious art gallery. To be coached and to paint alongside with Gordon was a wonderfully eye opening and rewarding experience. //*
